TRACY HILLS

March 14, 2019

# CONSTRUCTION UPDATE

## *Sanitary Sewer Structure at Parkside Drive*

On Tuesday, March 19, crews will begin sawcutting and excavating for the sanitary sewer structure at Parkside Drive. Work will take approximately 10 days to complete, followed by slurry seal work on Corral Hollow Road from Parkside Drive to W. Linne Road and then striping (pending weather). Work will not require a road closure or detour; although motorists should expect traffic control, flaggers and a lane shift.

### **What to Expect**

During construction, public safety remains a top priority. Access to properties will be maintained at all times. Open trenches will be covered using steel plates at the end of work shifts. Local residents and the traveling public should anticipate extra delay during commute hours. ***We apologize for the traffic impacts this work has caused and thank you for your continued patience.***
